

## ORDER OF RATIFICATIONS/ARESSIONS TO THE CONVENTION ON CLUSTER MUNITIONS

*As of January 2019*

The Convention on Cluster Munitions was signed by 94 states when it opened for signature in Oslo on 3 December 2008. On 16 February 2010, a 30<sup>th</sup> state ratified the Convention, triggering its entry into force on 1 August 2010.

Since the Convention entered into force, it is no longer open for signature. Instead, states that have not signed it will become bound through the process of "accession". Each signatory state must still ratify the Convention in order to become a State Party.

120 countries have joined the Convention, 106 are States Parties.

Date of ratification or accession is in parentheses. Bold indicates an accession.
